EDUCATION

RNS INSTITUTE OF TECHNOLOGY

Masters in Computer Application

CGPA: 9.35

Bangalore, India

December 2024 - Present

JSS SMI UG AND PG STUDIES DHARWAD

Bachelor of Computer Application

CGPA: 8.85

Dharwad, India

October 2021 - August 2024

SKILLS

Programming Languages: C, Java, Python

Libraries/Frameworks: HTML, CSS, JavaScript, Django, Linux

Tools / Platforms: Git, Github, VS code, Linux, Computer Networks, Operating System

Databases: SQL

PROJECTS / OPEN-SOURCE

Wizard Bot Arena | [Link](#)

React, Tailwind, Node.js, Typescript

- Developed a full-stack decentralized application (dApp) on Ethereum Sepolia using ERC-721 smart contracts for bot duels, betting, and NFT minting; integrated IPFS for metadata storage and real-time gallery updates with ethers.js.
- Implemented secure Web3 wallet integration using MetaMask and React Context API to enable seamless blockchain interaction and NFT minting flow.

Advertise-Management-System | [Link](#)

HTML, CSS, Bootstrap, Django, Mysql

- Developed a responsive ad management system using Django, MySQL, HTML, CSS, and Bootstrap with role-based access for Admin and Advertiser.
- Enabled users to create, edit, and schedule advertisements in various sizes and formats for multiple newspapers.
- Added dynamic form handling for ad submissions with support for image uploads and custom specifications (size, category, placement).
